Blue Robin, Inc. Exceeds Its 2006 Financial Goals Three Months Ahead of Schedule

Waltham, MA October 2006 -- Blue Robin, Inc. a leading developer of eBusiness infrastructures, announced today that they have exceeded the 2006 financial goals three months ahead of schedule. Blue Robin's philosophy of building strong relationships with strategic partners and clients, as well as staying focused on their mission helping organizations face complex IT challenges with smart and cost-effective web-based solutions, have greatly contributed to the success of the company.

Blue Robin's focus on commitment to their client's success, coupled with the right abilities and skill sets of their employees and partners, have also been a deciding factor in the company's rapid growth and financial success.

"We are surprisingly pleased with being able to reach our revenue goals for 2006 so early as we achieved excellent performance across all of our products and services," said Earl H Gray IV, President and CTO of Blue Robin. "We generated unexpected growth in our newly launched VoIP Enterprise Phone system, driven by continued strength in our web-based-driven solutions. Our goal is to continue to invest significantly in development of innovative new products and extend our core technologies to a new user base."

"We realize that the demand for our products and services is not only high, but also appreciated by our clients. The growth in our revenue and profit targets is empowering us to set an aggressive plan for 2007 to expand our product portfolio and respond to our clients' needs and requirements" said Hadi Shavarini CEO of Blue Robin.
